13 February 2013
Code4Lib 2013, Chicago IL
What I would like you to do tonight

- Install and run Layar on your smartphone
- Press the icon in top left corner to go to Geo Layers mode
- Search for “code4lib 2013”
- Launch the Code4Lib 2013 layer
- Look around
- Tweet with geolocation turned on

www.layar.com
POIs: Google Map

Code4Lib 2013 - Social, Food, Drinks
Code4Lib 2013 Map of interesting places, social events, important locations and the like.

I suppose if this gets convoiuted enough might have to split into different maps, but it seems to have worked out well before.

Add the fun and interesting places in Chicago.

Map Room
Supposed to have a good set of taps, haven't made it here yet

Piece Brewery & Pizzeria
Decent pizza and had some really good beer. They brew their own and have picked up some awards along the way. Only been here for the lunch special, but hoping to make it back for the beer at least.

Bell Mobility @Bell_Mobility
It's faster, smoother & smarter than ever before. Your new #BlackBerry10 is here & on sale now: bit.ly/RGD2Mq #BB10

Tim Lepczyk @singlesoliloquy
Dear #Library friends: what skills do librarians need and how well does your title match what you do? bit.ly/VUEto7 #survey #c4l13

Terry Reese @reese_terry
So, if I monkey patch capybara, do a I get a picture of a monkey riding a rodent? I'd add that patch. #c4l13

Becky Yoose @yo_bj
RT @carmendarlene: Hey #c4l13 attendees, if you have a question for Ask Anything, you can send it to me and I will ask for you. #code4lib
Finally arrived in Chicago for #c4l13 and went right for pizza! http://t.co/JAhPygrm

@kayiwa (:wq! fxk)

According to the hotel staff anyone who registered under the LIB should have access to room 1700 aka hostility suite. #c4113

Is it useful?

Does it work?

Does it add to your experience here?

- Too many points?
- Twitter user images are blurry. Use other icons?
- Need to be able to show only mapped points or only tweets?
- Other content?
